CLIMATE
FIELDVIEW™

Data Inbox

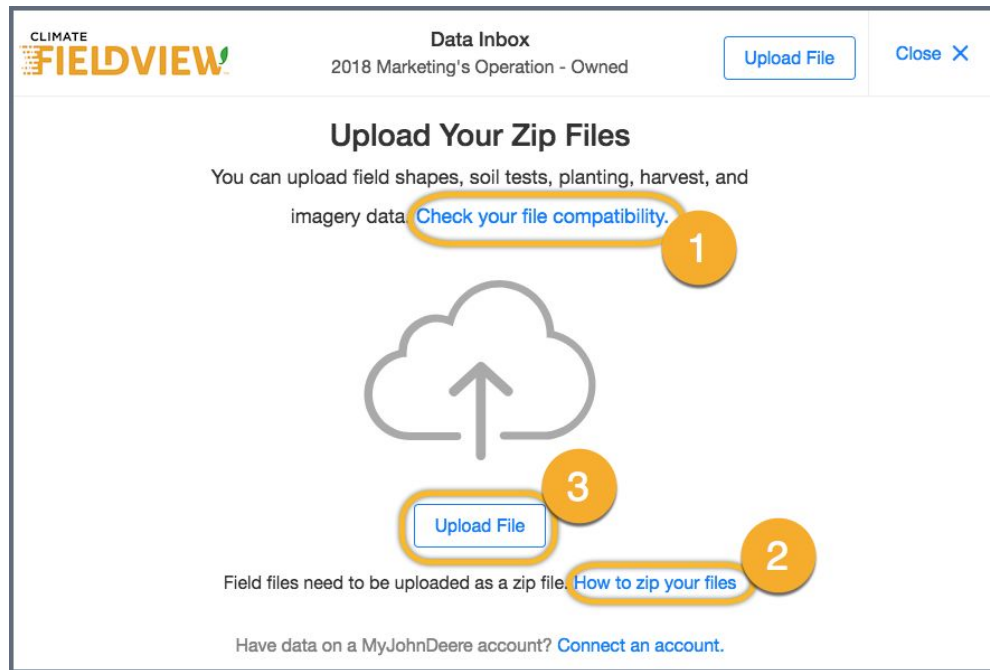

If you use the Claas or John Deere connection to transfer your files to FieldView click on Import (see the first step below) then you can skip to page ?? as your files will automatically transfer to the Data Inbox.

Log in to your FieldView account at <https://climatefieldview.co.uk/> and click on **Import**

Upload your files

1. You can check your file compatibility here.
2. Your files will need to be in a zip folder. Learn how to zip/compress files here.
3. Click on **Upload File**
 - A pop up will appear, navigate to where you have saved your zipped file and select it.

Reviewing your data
